PORT LOUIS CRUISE TERMINAL

**A MODERN CRUISE TERMINAL
 POSITIONING MAURITIUS AS
 A HUB FOR CRUISE TOURISM
 IN THE REGION.**

Vanilla Islands, the islands of the region

The 'Vanilla Islands' is a major tourist initiative launched by the representatives of the Tourist Offices and tourist authorities of Comoros, Madagascar, Mauritius, Mayotte, Reunion and Seychelles. The project links destinations, bringing together and highlighting the islands' assets in a joint tourist initiative.

Ecotourism, golf, heritage, scenic beauty, culture and above all the mixed local population, all contribute to the promotion of inter-island tourism.

Why Port Louis Harbour ?

Port Louis harbour is the home port in the region, with comprehensive services and modern infrastructure.

- Excellent air connectivity
- Excellent broadband internet connectivity
- Safe destination, with pleasant climate, year-round
- Dedicated cruise facilities
- Minimal arrival formalities for cruise vessels and passengers
- Neighbouring ports within reasonable sailing time
- Unrivalled hospitality, mix of languages, landscapes, lifestyles & cultures.

Financed by the Mauritius Ports Authority (MPA) and constructed at a cost of approximately US\$ 20 million, the cruise terminal offers facilities of international standard for the handling of cruise passengers.
